Re: Transfer of Notice of Intention - Small Mining Operations, Joseph M. Caruso to Rex Harris, End of the Trail Claims - Septarian Nodule Quarry, S/025/007, Kane County, Utah

Dear Mr. Harris:

On July 7, 1994, we received a Small Mining Operations Transfer form signed by you and Mr. Joseph M. Caruso. The form is intended to transfer the End of the Trail Claims, which is an active small mining project (DOGM file # S/025/007), located in Section 25, Township 40 South, Range 8 West, Kane County, Utah.

The application is incomplete and not acceptable at this time. We are returning the original form to you so that the appropriate sections can be completed and returned to this office. The following information is required before we can find the application complete and forward it to our Director for final signature:

Page 1 The legal description of the lands affected requires a breakdown to the 1/4, 1/4, 1/4 section. Please fill in the appropriate description under this section.

Page 2 The Notary failed to provide her certification stamp/seal following her signature. Please have the appropriate Notary seal affixed to this page.

Once this information is provided, we will forward the transfer form to our Director for signature and approval. Upon our acceptance of the small mine transfer, you and Mr. Caruso will be formally notified in writing and provided with a copy of the original signed agreement. We have assigned a new file number to this project, S/025/010. Please reference this file number in all future correspondence regarding this operation. If you have questions or concerns, please contact me at (801) 538-5340.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
